ABOUT ME

I love to build cool stuff with code. I currently delight in manipulating HTML, CSS, and JavaScript to turn designs into functional and user-friendly web applications. I am now looking for a challenging opportunity to contribute to developing web applications that solve business problems.

WORK EXPERIENCE

Project Manager   Sept 2019 - Present

LeadTech IT Consult & Solution

- Communicate and collaborate with multi-disciplinary team of engineers, designers, and clients on a daily basis.
- Interfaced with a user experience designer and developers to develop a highly interactive web application for Streams Foundation, an NGO based in Nigeria.
- Managed various clients' web projects and developed a thoughtful coherent framework for managing web projects.

Internship   Sept 2018 - Aug 2019

Galaxy Backbone

- Worked with team of professional network administrators, to install IT and networking infrastructure for government agencies across FCT, Abuja.
- Interfaced with clients on a weekly basis, providing technological expertise and knowledge.
